

Financial Analyst

**GLOBAL PROVIDER OF INNOVATIVE PV SOLUTIONS**

Established in 2007, Solarpro is one of the leading players in Central and Eastern Europe in the renewable energy solutions (photovoltaics sector). With over 1 000 employees in 9 countries, we offer wide range of smart energy systems and solutions. With more than 7 GWp installed capacity and more than 100 PV plants under operation, we have gained significant experience in engineering, installation, operation and maintenance of PV systems (on-grid, off-grid and hybrid). We have been trading for over 14 years and take pride in delivering project specific solutions, sustainable results and added value to our clients.

Currently we are looking for a highly motivated Financial Analyst to join our team. Our ideal candidate will have a solid background in financial analysis, budgeting and forecasting, with a keen eye for detail and a passion for driving financial performance.

> MAIN RESPONSIBILITIES:

- **Develop Financial Models:** Create effective financial models for projects, business lines, and the entire company;
- **Analyze Financial Data:** Examine financial information, including revenues, expenditures, and cash management, to ensure efficient operations;
- **Budget Review:** Evaluate and approve budget requests;
- **Management Reporting:** Assist in the design and production of regular management reports;
- **Financial Forecasting:** Predict future financial trends and budget needs;
- **Variance Analysis:** Identify discrepancies between actual and budgeted financial results at the end of each reporting period;
- **Spending Optimization:** Recommend strategies to enhance profitability through improved spending;
- **Policy Development:** Support the establishment and implementation of effective budgeting policies and procedures;
- **Technical Solutions:** Analyze and support the company's needs for technical solutions to maintain and support financial data and reporting;
- **Process Analysis:** Examine financial processes and ensure appropriate technical solutions are in place;
- **Control Environment:** Support the development of a sustainable control environment and ensure efficient business transactions.

> YOUR PROFILE

- **Experience:** Minimum of 2 years' experience as a Financial Analyst, Budget Specialist, or similar role;
- **Industry Knowledge:** Experience in the construction sector is highly desirable;
- **Technical Skills:** Proficient in financial, accounting, and statistical software. Advanced knowledge of MS Excel, including complex tables, charts, and advanced tools and formulas;
- **Analytical Skills:** Experience in forecasting and data analytics. Strong analytical and numeracy skills with high attention to detail;
- **Communication Skills:** Ability to present financial data clearly and comprehensively. Strong command of the English language;
- **Educational Background:** BSc or MSc degree in Accounting, Finance, or a related field;
- **Additional Qualifications:** Experience with a Big 4 accounting firm is considered an advantage. CFA or ACCA qualification, or current enrollment in these programs, is highly desirable.

> WE OFFER

- Development in a multinational company operating in several EU countries;
- Opportunity to gain knowledge in highly developing sector in the field of green energy and environment friendly solutions;
- Excellent working conditions including opportunities for home office, social benefits, etc.;
- Be part of a team of professionals, knowledge leaders in PV sector in Eastern Europe.
